

A person with long blonde hair, seen from behind, wearing a large blue backpack and a blue tank top. They are standing on a sandy or light-colored ground, looking out over a vast, hazy landscape under a clear blue sky. The person's hands are on their hips.

Hey!

When I chose this class on computer , I thought that it is only required for my major; but, after three weeks, I really like it because I can use photoshop which I just learned to creat my own design and share my ideas to others that is one of my dreams.

I have another dream that I can travel around the world with my best friend. Last year, we went to Yosemite National Park together; during that time, I really enjoyed it and learned and got a lot interesting experienses from this camping trip.

This is my first design of this class for photoshop final project.

It looks like two different images, but it actually is in a same place. One is on the ship and another is in the island. That means we all live in the same world, but we have entirely different lives which could be happy and may be tragic.

I hope that our world could become more peaceful and lessen wars and poverty.

Our Wonderful World

Likewise, please pay attention to our endangered animals and protect them.

I like zebra because thier lines are so beautiful. However, I do not like visiting them at a zoo; I more prefer to see them in the Afican vast grassland that is their real home.

Please lessen buying and selling to reduce extinction and travel this wonderful world with someone whom you love.

white

A tropical beach scene at sunset. The sky is a mix of orange, pink, and purple. The sun is low on the horizon, creating a bright glow. Two dolphins are jumping out of the water, leaving white splashes. Palm trees are visible on the left and right sides of the frame.

Less Business & Less Harm
